Roman Shatrov

Junior Frontend Developer

My professional goal is to work as a Frontend Developer. My aim to work in the IT sector , I need constantly developing and obtaining an experience, that will stay with me for life. I am currently actively continuing to explore new technologies based on HTML, CSS/SASS, JavaScript. And I want to evolve constantly in frontend technologies, new frameworks and other IT technologies. I realised that have some lacks on practical knowledge and experience on the projects. That is why I am looking for a crew, for whom I will be a useful as team member and can develops with them.

My testing projects

1. Piggie_Game
2. Web_Bankist
3. Bankist_App_Starter
4. Map_ty
